

SQFlex centrifugal pump

End-of-Life Information

Grundfos SQFlex centrifugal pump must be disposed of according to local regulations by using a public or private waste collection service. If this is not possible, contact the nearest Grundfos company or service workshop.

Safety Risk

Safety related to materials used

- There is no risk for people during the disassembly process posed by the materials used in the product.
- Be sure that the SQFlex centrifugal pump is clean and empty for liquid before disassembly.

Safety related to handling the product

- Care should be taken when handling the pump/components due to the weight.

Disassembly of the Product

The main materials of the components are:

- Stainless steel (plate, round bar and cast)
- NBR/FKM rubber

SQFlex centrifugal pump can therefore be recycled to a large extent – depending on the national possibilities for recycling.

To disassemble a SQFlex centrifugal pump you need special tools, please see the SQFlex service instruction.

Designation	Name	Material	Special Disassembly Consideration
1	Suction interconnector	Cast stainless steel	
2	Shaft	Stainless steel	
3	Spacing washer	Carbon	
4	Seal ring	NBR/FKM	
5	Impeller complete	Plate stainless steel	
6	Bearing	NBR/FKM	
7	Chamber complete	Plate stainless steel	
8	Valve Cup with guide	Plate stainless steel	
9	Valve casing	Cast stainless steel	
10	Cable guard	Plate stainless steel	
11	Strap complete	Plate stainless steel	
Additional materials:		Screws, nuts etc.: Various materials less than 5% of weight.
