

SCALA2

SMART Pressure Booster For Homes

With the new generation **SCALA2**, we unveil the next era of integrated booster solutions with pioneering technology for perfect water pressure, low noise, and energy efficiency.

An innovative all-in-one pressure-boosting solution, engineered to guarantee more reliable operations in homes and apartments.

Your benefits

Constant water pressure in up to 8 taps

With integrated controls and a frequency-driven motor, the pump delivers perfect water pressure to all taps, automatically adjusting to your demands.

World-class energy performance

Equipped with improved hydraulics, a permanent magnet motor and speed control, the SCALA2 outperforms many other domestic water pressure boosters in the market. This ensures you can optimise energy consumption and save costs.

The most silent operation in the market

Utilizing state-of-the-art technology, the new SCALA2 is one of the world's quietest pressure boosters. Operating at a noise level as low as 44 dB(A) (equivalent to the noise level of a quiet dishwasher) every family member will enjoy peace and quiet around the clock.

Compact all-in-one booster

Fully integrated water pressure booster in compact and robust design minimizes space requirements.
